

# Wildcard Request Process

## Women's Wildcards

Please see below for information surrounding the allocation of Wildcards for WTA and Women's ITF events in Great Britain.

There will be some wildcards allocated through the [Wildcard Feed Ups](#) for these events. For wildcards outside of the feed up process, please follow the below process.

To be considered for a Wildcard (Main Draw or Qualifying) you will need to submit a request through the [Women's Wildcard Request Form](#) by midnight of the Monday the week prior to the event. The form will ask you for the below information:

- Name
- Date of Birth
- Current ranking
- Event you are requesting the Wildcard for
- Whether you are requesting a Wildcard for the Main Draw, Qualifying or Doubles.
- Reason for applying (recent results, return from injury or development opportunity)

Please note that the allocation of these wild cards will be based on the selection criteria set out in the [LTA Wild Card Policy](#).

Please ensure any queries regarding the wild card requests and communication is sent to [imogen.woodham@lta.org.uk](mailto:imogen.woodham@lta.org.uk) and not to other members of the Women's team as they may be missed if not sent direct to Imogen.

## Men's Wildcards

The majority of men's wildcards will be allocated through the [Wildcard Feed Ups](#). For wildcards outside of the feed up process we assume that you will want to be considered for a wildcard if you are entered into the event unless we are told otherwise. Therefore, there is no formal request process for men's wildcards.

Please only submit a request by emailing [imogen.woodham@lta.org.uk](mailto:imogen.woodham@lta.org.uk) if there are any exceptional circumstances the team would not be aware of or you are not entered and wish to be considered, including the reason why you are not entered (please be aware generally players not entered will not be considered).

By accepting a Wildcard you agree to adhere to the [LTA Code of Conduct](#).
